Unforgettable grotto concert

the Faroe Islands
Unspoiled. Unexplored. Unbelievable

Faroe Islands.

Unforgettable grotto concert

Go with a fast going RIB boat into a grotto to experience a live concert. No concerts will be the same because of nature's participation. There may be so quiet that you can hear the birds participating, while other times the heavy beating of the waves spin in. The natural sounds and unique acoustics of the grottos become an integral part of the music.

Take your delegates on a once in a lifetime concert experience, and leave them stunned by the unforgettable grotto concert.
